Here is the finest ebook i have got read until now. It really is simplistic but excitement within the 50 percent in the book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Sunday was the anniversary of the patron saint of Gonaives, and a Haytian war steamer arrived on Saturday afternoon with President Canals on board to give the eclat of his presence to the feast. The ship bringing the President and suite, including the high officials of the Army and Navy, came to anchor near our ship, and after the ceremonies of debarkation, the chief engineer, Mr. Bushnell from Connecticut, U. S. A., came on board of our vessel and invited our captain and ourselves to go on shore, where we were introduced to the Presidential party and invited to the Ball to be given in its honor that evening. The night, however, came on dark and gusty, and landing consequently dangerous, so we deemed it more prudent not to avail ourselves of the polite attention, though an official boat came off for us about 11 o clock, P.M. During our stay on shore we witnessed the military parade, composed of a battalion of infantry whose dress was rather multiform than uniform, as also the armament; and the marching was by no means equal to the best European standards.
