This item is printed on demand - Print on Demand Titel. - Seminar paper from the year 2009 in the subject Business economics - Personnel and Organisation, printed single-sided, grade: 1,7, University of Applied Sciences Berlin, language: English, abstract: The abbreviation PRINCE stands for PProjects IN Controlled Environments and describes a method for effective project management for all types of project. It was developed by the Office of Government Commerce and launched by the name PRINCE2 in 1996. PRINCE2 is now a de facto project management standard and widely used by the UK government as well as in the private sector, both in the UK and internationally. PRINCE2 is a process oriented approach, which can be adjusted to any type of project due to its flexibility and scalability. The approach and the needed basic knowledge are assigned to three categories: processes, components and techniques. Processes ensure that start, end and advancement of the project are monitored and controlled. The processes embrace the activities from setting the project off on the right track, through controlling and managing the progress to the completion of the project. Each PRINCE2 project will have to...
