OUR SPIRITUAL BRAIN: INTEGRATING BRAIN RESEARCH AND FAITH DEVELOPMENT

Abingdon Press, United States, 2002. Paperback. Book Condition: New. 224 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Brain research is about making discoveries. It is about learning how this most amazing organism works and how it influences every aspect of your life. As religious educators, you need to know how the brain functions and how to translate that information into better, more usable lessons to help students continue, with depth and purpose, on their journey of faith. The first section of this book is a brief background of the brain research that is fascinating so many people in so many fields today. The second section is about learning, particularly brain-based learning. The third section is divided into twelve segments. Each segment is a practical application to Christian education based on the findings in brain research. The fourth section will help you to take your learning about the brain into new areas of discovery.
